More Straight Talk from the Bible
about Heterosexuality

1. **Heterosexuals have no choice about their sexual preferences.**

In fact, heterosexuality is learned at home, in school, and from the media. And it can be unlearned—in prison and in our program, for example.

2. **The Bible does not condemn heterosexuality.**

In fact, the Bible is replete with grim moral lessons about incest, rape, betrayal, and even murder committed by heterosexuals to satisfy their lust!

3. **Heterosexuals do not want to ruin society.**

In fact, all you have to do to know that this is a myth is watch the news, or take a look at the heterosexual media and schools! Moreover, there is an organization that actively enforces a het-only policy and has a nuclear arsenal that's ready to destroy the world right now—the U.S. armed forces.

4. **A practicing heterosexual can be right with God.**

In fact, God hates lust and adultery. And if God loves heterosexuals, what's with original sin?

Practically every page of the Old Testament has a sad story to tell about heterosexual behaviors. And the New Testament makes it clear that while they may be forgiven if repentant, heterosexuals still have a long way to go when it comes to lust, exploitation, and plain old communication.

Reading Paul's epistles, for example, it's easy to get the sense that he viewed women as inferior! Can you believe that? Clearly, Paul's heterosexuality was a lifestyle choice that led to great difficulty. But then, perhaps you can understand—have you ever tried to have a conversation with a member of the opposite sex? Answering that question leads to another: Why would anyone choose heterosexuality?

But let's get to the nitty-gritty: What did the first two heterosexuals do? They sinned, and God cursed them:
"Unto the woman he said, 'I will greatly multiply thy sorrow and thy conception; in sorrow thou shalt bring forth children; and thy desire shall be to thy husband, and he shall rule over thee.' And unto Adam he said, 'Because thou hast hearkened unto...thy wife...cursed is the ground for thy sake; in sorrow shalt thou eat of it all the days of thy life....'"

Not long after Adam and Eve showed God their parenting skills by breeding a murderer:

- Onan spilled his seed on the ground rather than impregnate his sister-in-law Tamar, who then pretended to be a prostitute—so she could have sex with Onan's father!
- Lot's daughters got him drunk so they could have sex with him—after he had offered one of them to a mob bent on rape!
- The great King David had a man killed so he could continue to have sex with the man's wife!
- God makes it clear that children must be killed if they curse their mother or father. Yet heterosexual parents, corrupted by liberalism, routinely ignore this law, breeding generations of sinners.
- God indicated that all persons guilty of adultery are to be killed—yet heterosexuals routinely engage in adultery!
- God forbids heterosexual intercourse when a woman has her period, and yet the heterosexuals flout this law!

God is going to punish the heterosexuals!

SCIENTIFIC FACTS

about HETEROSEXUALS

- Heterosexuals spread disease through unprotected sex, not to mention cold and flu bugs through handshakes and other familiarities.
- Heterosexuals are ruining the planet. It is a well-known scientific fact that overpopulation is threatening to destroy the Earth's environment and make life miserable for all but the rich. This problem would not exist except for irresponsible heterosexual behavior.
- Heterosexuals live lives of despair. Most people who commit suicide are heterosexuals. Alcoholics, drug addicts, child molesters, child abusers, spouse abusers, and criminals—all these classes of people are in the great majority heterosexual. No wonder they don't always like themselves.
- Heterosexuals often place personal pleasure above family values. Skyrocketing divorce rates and the continuing decline in moral values are the work of the heterosexual "community."
- Heterosexuals engage in perverse sexual practices, including group sex, bondage, domination, costumery, masochism, and beauty contests. These degrading sexual practices are widespread among heterosexuals, despite their claims that most of them have conventional, boring sex lives that you don't need to worry about.
